

Please complete one of these forms for EVERYONE aged over 14 years.

If under 14years, 'Next of Kin' will need to sign on the child's behalf.

Once completed, please either:

1. Bring the form to the surgery along with Identity documents (driving licence, passport etc). If this is between 9 and 4pm, we should be able to produce your password immediately.

Or

2. Post to the surgery (without identity documents). You will then need to come to the surgery (with ID) to collect within three days of the request.

**You will have to set up your account within 14 days of issue as the information will be deactivated after 15 days**

I wish to register for the internet booking facility - Patient Access (previously Emis Access)
